Tommy Davis

Manal Patel

Manuel Reyes

Brooks Robinson

Dale Seegobin

Patrick Tobin

We have been working closely with you all to raise money to renovate a very rough looking chapter room. We are happy to announce that due to your generosity, we reached our goal of \$15,000 dollars and updated the chapter room over the winter break. With your donations, we were able to purchase the following:

- New leather couches
- Office chairs for the executive table
- Blinds for ritual purposes
- Area rugs
- End tables
- 35 new folding chairs
- Roll away rack for the chairs
- Two new trophy cases
- Entertainment system
- Smart TV
- New surround sound system
- New paint for the wall courtesy of Brother Livingston Boulerice

None of this could have been possible without the support of the alumni, so thanks to all of the Brothers who donated.

Service Never Stops

The undergraduate chapter is always striving to better themselves as individuals and the brotherhood through their time at Stetson. Kappa Hexaton's philanthropy is a great example of how we achieve that. This semester, we plan to have three teams of brothers participate in a regional Special Olympics tournament as Unified Partners! Leading up to the tournaments, brothers and associates can be found every Saturday morning practicing with the Special Olympics athletes, helping them develop their motor and social skills.

On top of our national philanthropy, Kappa Hexaton is excited to announce a partnership with Team Summer. Team Summer is a charity that gives children with cancer gifts from other children with cancer so they can build a community of support. Brother Tyler Hayes was one of the first beneficiary of this organization and due to his connection with the founders; Tyler is a part of the Team Summer board. We are will be hosting a Fast Food Feast this semester in order to raise money for a great cause.

Spring Alumni Weekend Event

Did you miss alumni weekend in the fall? Do you not want to wait a full year for the next alumni weekend? Come to our spring event for a visit for an interactive weekend April 22nd and 23rd. We will be bringing back the alumni softball game. We plan to have an informational professional development breakfast where undergrads can ask questions about different alumni's professions. Other potential events include foosball tournament, 3 on 3-basketball tournament, corn hole, and horseshoes. We will have a cookout as well with food made by our very own Darald Stubbs! There will be family friendly events as well for the kids. More details to come soon!

Want to Stay Connected?

The undergraduate and alumni chapter would love to hear from
